

**REISSUE PATENT APPLICATION**

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re the Reissue Application of

Nancy L. ARNOLD and Jeffrey M. STEIN

Application No.: 10/716,246

Filed: November 19, 2003

Docket No.: 106679.99

For: DISPOSABLE EYE PATCH AND METHOD OF MANUFACTURING A  
DISPOSABLE EYE PATCH

**REISSUE DECLARATION**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

As a below named inventor, I hereby declare that:

1. My residence, post office address and citizenship are as stated below next to my name.
2. I have reviewed and understand the contents of the specification, including the claims, as amended by any amendment specifically referred to in the Oath/Declaration.
3. I believe that I am an original, first and joint inventor of the subject matter which is claimed and for which a patent is sought and that is described and claimed in the reissue application and in U.S. Letters Patent No. 6,320,094 which issued from U.S. Patent Application No. 09/663,382 filed September 15, 2000.
4. I acknowledge my duty to disclose information which is material to the examination of this reissue application in accordance with 37 CFR §1.56(a).

Application No. 10/716,246

5. I consider U.S. Patent No. 6,320,094 to be partly inoperative by reason of claiming less than I had a right to claim because the original claims are unduly limited and may not provide an adequate scope of protection.

6. For example, claim 22 recites first and second sheet members "made of foamed plastic material having a ... thickness in a range of from about 0.1 mm to about 5 mm" (emphasis added) instead of reciting sheet members --having a ... thickness in a range of from about 0.1 mm to about 5 mm--.

7. All errors being corrected in this reissue application up to the time of filing this declaration arose without any deceptive intention on my part.

8. I have reviewed and understand the contents of this reissue declaration, and all statements made herein of my knowledge are true, and all statements made on information and belief are believed to be true; and further these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the U.S. Code and that such willful false statements may jeopardize the validity of the application or any patent reissued thereon.
